Professional Summary

Computer Science Engineering student at ACS College of Engineering with a strong interest in Software Development, Full-Stack Web Development, Artificial Intelligence, and Database Systems. Skilled in React.js, JavaScript, MySQL, HTML, and CSS. Developed projects such as CampusVerse, Margadarshak AI. Passionate about building scalable applications and solving real-world problems through technology.

Technical Skills

Languages: C, Java, JavaScript, SQL

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js

Database: MySQL, Supabase

Tools: Git, GitHub, VS Code, Postman

CoreSubjects: DataStructures&Algorithms, DBMS, Operating Systems, OOP

Education

ACS College of Engineering, Bengaluru

2024 – 2028

Bachelor of Engineering (B.E.) in Computer Science and Engineering

Current CGPA: 8.6/10

- **Relevant Coursework:** Data Structures and Algorithms, Database Management Systems, Object-Oriented Programming, Operating Systems, Computer network

Projects

Margadarshak AI – Your AI Career Mentor

[GitHub Repository](#) 🔗

- Developed an AI-powered career development platform featuring resume analysis, interview simulation, career roadmap generation, and English communication mentoring.
- Integrated OpenAI API to provide personalized career guidance, dynamic interview questions, and intelligent learning recommendations.
- Implemented ATS resume scoring, company readiness tracking, team finder, community discussions, and real-time notifications.
- Built using Node.js, Express.js, MongoDB, Socket.IO, JWT Authentication, OpenAI API, Judge0 API, and Puppeteer.

CampusVerse – Virtual Digital Campus Platform

[GitHub Repository](#) 🔗

- Developed a full-stack student community platform with authentication, social feed, anonymous confessions, notes sharing, and event management.
- Implemented real-time messaging, notifications, team finder, marketplace, lost-and-found system, and faculty review modules using Socket.IO.
- Designed secure JWT-based authentication, role-based access control, and admin approval workflows.
- Built responsive user interfaces using React.js, Tailwind CSS, Framer Motion, Node.js, Express.js, MySQL, and Socket.IO.

Achievements

- Secured **Second Prize** in **Anveshana 2K25** for presenting an innovative technology-based solution.
- Participated in the prestigious **CICADA Hackathon**, collaborating on real-world problem-solving and software development challenges.

- Contributed to **Open Source Projects** by participating in community-driven software development and code contributions.
- Achieved a **Top 10 Position** in the college-level round of the **Smart India Hackathon (SIH)**, demonstrating teamwork, innovation, and technical problem-solving skills.
- Built and deployed full-stack applications including **Margadarshak AI** and **CampusVerse** using modern web technologies and AI integrations.
